

01 September 2016

	09:00	10:30	11:00	12:30	14:00	15:30	16:00	17:30	18:00	19:30	20:00
117a	T164.1 The Potential Futures of Data Science: A Roundtable Intervention	CB	T021.1 Bioinformation management in data driven medicine		T153.1 Hermeneutics: 'let Nature and Material Things speak' with Don Ihde	B	T016.1 Technoscience and Transformation of the State	CB			
117b	T029.1 Coordination mechanisms in new constellations of responsibility in science and technology	CB	T029.2 Coordination mechanisms in new constellations of responsibility in science and technology		T101.1 Smart [Bits and Atoms] Health Technologies and their Social Worlds	B	T101.2 Smart [Bits and Atoms] Health Technologies and their Social Worlds	CB			
112a	T026.1 Human rights restitution "in the making": on expertise and devices for denunciation and reparation of politically motivated collective violence	CB	T026.2 Human rights restitution "in the making": on expertise and devices for denunciation and reparation of politically motivated collective violence		T139.1 Eating for Life: When Food is the Best Medicine	B	T126.1 Science and Technology in the Middle East: Life Sciences and Environments	CB			
112b	T035.1 ICT and STS knowledge diffusion: actor's (publishers, authors, editors) strategies, critics and trends	CB	T069.1 Manufacturing Humans While Developing Social Robots, Smart Environments & Wearables		T133.1 Tackling climate change by other means: opening up geoengineering governance	B	T133.2 Tackling climate change by other means: opening up geoengineering governance	CB			
212	T005.1 Turning Things into Assets	CB	T005.2 Turning Things into Assets		T005.3 Turning Things into Assets	B	T005.4 Turning Things into Assets	CB			
116	T006.1 Infrastructures in practice and in flux	CB	T006.2 Infrastructures in practice and in flux		T006.3 Infrastructures in practice and in flux	B	T006.4 Infrastructures in practice and in flux	CB			
115	T032.1 Science Communication	CB	T032.2 Science Communication	P003.1 The Handbook of Science, Technology and Society, 4th Edition: Where We've Been; Where We're Going	T032.3 Science Communication	B	T032.4 Science Communication	CB	SUB02.1 Subplenary "Spaces"		
114	T036.1 Social Studies of Politics: Making Collectives By All Possible Means	CB	T036.2 Social Studies of Politics: Making Collectives By All Possible Means	E001.1 Ethnografilm Barcelona	T087.2 What is a Problem? Problematic Ecologies, Methodologies and Ontologies in Techno-science and Beyond	B	T001.1 Materializing governance by information infrastructure	CB	SUB03.1 Subplenary "Futures"		
113	T061.1 Open science in practice	CB	T061.2 Open science in practice	M009.1 National STS networks meeting	T061.3 Open science in practice	B	T061.4 Open science in practice	CB	SUB01.1 Subplenary "Collectives"		
111	T064.1 Valuation practices at the margins	CB	T064.2 Valuation practices at the margins	T184.1 "#democraciarealya: Hactivism and Networked Techno-politics in Spain	T064.3 Valuation practices at the margins	B	T064.4 Valuation practices at the margins	CB			
VIP	T086.1 Rethinking innovation and governance	CB	T086.2 Rethinking innovation and governance	T082.1 Cabinet of Political Fictions) SIMULACRUM©: prototyping the city of tomorrow	T086.3 Rethinking innovation and governance	B	T036.3 Social Studies of Politics: Making Collectives By All Possible Means	CB		A001.1 Remembering David Hakken	
118	T009.1 Future Knowing, Future Making. What Anticipation does to STS.	CB	T037.1 STS and Artistic Research	M004.1 Demonstrations and Mattering Press: Discussing Recent Changes in the STS Publishing Landscape	T037.2 STS and Artistic Research	B	T037.3 STS and Artistic Research	CB			
119	T087.1 What is a Problem? Problematic Ecologies, Methodologies and Ontologies in Techno-science and Beyond	CB	T011.1 Digital fabrications amongst hackers, makers and manufacturers: whose 'industrial revolution'?		T011.2 Digital fabrications amongst hackers, makers and manufacturers: whose 'industrial revolution'?	B	T009.2 Future Knowing, Future Making. What Anticipation does to STS.	CB			
120	T020.1 Governing Excellent Science	CB	T020.2 Governing Excellent Science	M011.1 Public Event: The present and future of the EASST Review	T020.3 Governing Excellent Science	B	T020.4 Governing Excellent Science	CB			
121	T023.1 Science Is Politics by Other Means Revisited	CB	T023.2 Science Is Politics by Other Means Revisited		T023.3 Science Is Politics by Other Means Revisited	B	T012.1 The Event of the Public: Convolutions of Aesthetic and Epistemic Practice	CB			
122	T027.1 Data-driven cities? Digital urbanism and its proxies	CB	T027.2 Data-driven cities? Digital urbanism and its proxies		T002.1 The Lives and Deaths of Data	B	T002.2 The Lives and Deaths of Data	CB			
123	T033.1 Who is in, who is out? Exploring collectives in health research	CB	T033.2 Who is in, who is out? Exploring collectives in health research	M010.1 Making Sense of our 4S Experiences: An hour for Connecting and Reflecting Together	T056.1 Socio-technical Futures Shaping the Present - Empirical Examples and Analytical Challenges in STS and Technology Assessment	B	T056.2 Socio-technical Futures Shaping the Present - Empirical Examples and Analytical Challenges in STS and Technology Assessment	CB			
124	T041.1 Biosocial futures: from interaction to entanglement in the postgenomic age	CB	T041.2 Biosocial futures: from interaction to entanglement in the postgenomic age		T041.3 Biosocial futures: from interaction to entanglement in the postgenomic age	B	T073.4 Epistemic Regimes - Reconfiguring epistemic quality and the reconstitution of epistemic authority	CB			
125	T057.1 Non-conforming bodies: an exploration of public health knowledge, practice and technologies beyond 'the body'	CB	T057.2 Non-conforming bodies: an exploration of public health knowledge, practice and technologies beyond 'the body'		T057.3 Non-conforming bodies: an exploration of public health knowledge, practice and technologies beyond 'the body'	B	T045.1 New Collective Practices of Measurement, Monitoring and Evidence	CB			
127	T059.1 Making Worlds: Feminist STS and everyday technoscience	CB	T059.2 Making Worlds: Feminist STS and everyday technoscience		T059.3 Making Worlds: Feminist STS and everyday technoscience	B	T059.4 Making Worlds: Feminist STS and everyday technoscience	CB			
128	T071.1 Innovation: Discourses, politics, societies, and blind spots	CB	T071.2 Innovation: Discourses, politics, societies, and blind spots		T071.3 Innovation: Discourses, politics, societies, and blind spots	B	T071.4 Innovation: Discourses, politics, societies, and blind spots	CB			
129	T072.1 Sensory Studies in STS and Their Methods	CB	T072.2 Sensory Studies in STS and Their Methods		T027.3 Data-driven cities? Digital urbanism and its proxies	B	T062.1 Care Innovation and New Modes of Citizenship	CB			
130	T073.1 Epistemic Regimes - Reconfiguring epistemic quality and the reconstitution of epistemic authority	CB	T073.2 Epistemic Regimes - Reconfiguring epistemic quality and the reconstitution of epistemic authority		T073.3 Epistemic Regimes - Reconfiguring epistemic quality and the reconstitution of epistemic authority	B	T132.1 Beyond the single-site study: the Biography of Artefacts and Practices	CB			
131	T088.1 Policy and Care (or Care-Full Policy): exploring practices, collectives and spaces	CB	T088.2 Policy and Care (or Care-Full Policy): exploring practices, collectives and spaces		T088.3 Policy and Care (or Care-Full Policy): exploring practices, collectives and spaces	B	T079.1 Framing of emerging technologies as a strategic device	CB			
132	T093.1 Infrastructures of nuclearity: Exploring entangled histories, spaces and futures	CB	T093.2 Infrastructures of nuclearity: Exploring entangled histories, spaces and futures		T093.3 Infrastructures of nuclearity: Exploring entangled histories, spaces and futures	B	T093.4 Infrastructures of nuclearity: Exploring entangled histories, spaces and futures	CB			
133	T095.1 Sport, Technoscience, Medicine and Performance	CB	T095.2 Sport, Technoscience, Medicine and Performance		T080.1 Hegemonies in Policy and Research Translation. Exploring Passages between Social Needs, Scientific Output, and Technologies	B	T080.2 Hegemonies in Policy and Research Translation. Exploring Passages between Social Needs, Scientific Output, and Technologies	CB			
134	T102.1 Everyday analytics: The politics and practices of self-monitoring	CB	T102.2 Everyday analytics: The politics and practices of self-monitoring		T102.3 Everyday analytics: The politics and practices of self-monitoring	B	T102.4 Everyday analytics: The politics and practices of self-monitoring	CB			
M215	T135.1 Envisioning a Feminist Approach to Science and Technology Policy	CB	T077.1 Local knowledge in a changing climate: the experimental politics of coproduction		T077.2 Local knowledge in a changing climate: the experimental politics of coproduction	B	T116.1 Counting By Other Means	CB			
M211	T065.1 The Experimental Organization: Becoming by Doing	CB	T065.2 The Experimental Organization: Becoming by Doing		T008.1 Smart eco-cities: experimenting with new urban futures	B	T110.2 What does it mean to be Human in the 21st Century?	CB			
M212	T091.1 Exploring the role of materials in practices and sustainability	CB	T091.2 Exploring the role of materials in practices and sustainability		T031.1 Topographies of clinical translation: charting novel sociotechnical landscapes within and around biomedical research.	B		CB			
M213	T150.1 Extending conceptualizations and technologies of knowledge translation in health care	CB	T125.1 Technologies at the Frontiers of Death care		T072.3 Sensory Studies in STS and Their Methods	B	T140.1 Pharmaceuticals out of Bounds	CB			
M214	T156.1 Doing Social Robots by Other Means	CB	T149.1 Heritage in Biology, Biology as Heritage		T110.1 What does it mean to be Human in the 21st Century?	B	T013.1 STS-CAM: Science and technology studies on complementary and alternative medicine	CB			
Hangar		CB				B		CB		Hangar's open Thursday special edition featuring the resident and researching projects	#QueerSTS4S: A Meetup at 4S for Scholars at the Intersection of LGBTQ Studies and STS
