

03 September 2016

	09:00	10:30	11:00	12:30	14:00	15:30	16:00	17:30	18:00	19:30	20:00
117a	T010.1 Stakeholder engagement in smart city (re-)development	CB			T044.1 By Other means: On Complementary or Alternative Medicines (CAM)	B	T044.2 By Other means: On Complementary or Alternative Medicines (CAM)	CB			
117b		CB			T075.1 Contributions of Gilbert Simondon to Science and Technology Studies	B		CB			
112a	T067.1 Biobanks. The interdependence between forms of biovalue creation and donor participation	CB				B		CB			
112b	T154.1 Remaking News: Technology and the Futures of Journalism Scholarship	CB			T123.1 Re-configuring Knowledge Practices: Folding Margins and Norms into Dynamic Hybridity	B	T178.1 Designing Alternative Futures: Planning, Expertise, Policy	CB			
212	T060.1 Biodiversity by other (all?) means: a theatre for post-natural futures	CB				B		CB			
116	T113.1 Critical data studies	CB	T113.2 Critical data studies		T113.3 Critical data studies	B	T113.4 Critical data studies	CB			
115	T122.1 Elements Thinking	CB	T122.2 Elements Thinking		T036.6 Social Studies of Politics: Making Collectives By All Possible Means	B	T036.7 Social Studies of Politics: Making Collectives By All Possible Means	CB			
114	T131.1 Science has always been technoscience	CB	T155.1 Islands on the Cutting Edge: Test sites for reimagining future technoscience	E001.3 Ethnografilm Barcelona	P005.1 Authors meets critics Session: 2016 Fleck Prize Winner	B	T103.1 Stoking the Anthropocene?	CB			
113	T002.5 The Lives and Deaths of Data	CB	T054.1 Digital subjectivities in the global context: new technologies of the self	M002.1 4S Meeting	T054.2 Digital subjectivities in the global context: new technologies of the self	B	T054.3 Digital subjectivities in the global context: new technologies of the self	CB	PLEN04.1 Presidential Awards Plenary		
111	T037.4 STS and Artistic Research	CB	T037.5 STS and Artistic Research		T037.6 STS and Artistic Research	B	T037.7 STS and Artistic Research	CB			
VIP	T094.3 Emerging science and technology : questioning the regime of promising	CB	T094.4 Emerging science and technology : questioning the regime of promising		T094.5 Emerging science and technology : questioning the regime of promising	B	T094.6 Emerging science and technology : questioning the regime of promising	CB			
118	T004.2 STS and Planning: Research and practice intervening in a material world	CB	T004.3 STS and Planning: Research and practice intervening in a material world		T004.4 STS and Planning: Research and practice intervening in a material world	B	T004.5 STS and Planning: Research and practice intervening in a material world	CB			
119	T014.1 Considering the performativity of our own research practices	CB	T014.2 Considering the performativity of our own research practices		T014.3 Considering the performativity of our own research practices	B	T014.4 Considering the performativity of our own research practices	CB			
120	T074.1 Cosmopolitical Research and STS	CB	T049.4 STS and normativity: analyzing and enacting values		T084.3 Technologies of Criminalization: On the convergence of forensic and surveillance technologies	B		CB			
121	T078.1 Contested energy futures and temporalities in retrospective: instruments and practices of forecasting and scenario work	CB	T078.2 Contested energy futures and temporalities in retrospective: instruments and practices of forecasting and scenario work		T025.1 Imaginaries and Materialities of Accountability: Exploring practices, collectives and spaces	B	T025.2 Imaginaries and Materialities of Accountability: Exploring practices, collectives and spaces	CB			
122	T085.1 Infrastructures, subjects, politics	CB	T085.2 Infrastructures, subjects, politics	M006.2 6S business meeting	T085.3 Infrastructures, subjects, politics	B	T085.4 Infrastructures, subjects, politics	CB			
123	T050.4 Conceptualizing transformational change in energy systems and the built environment	CB	T107.1 Maker Movement, FabLabs, Hackerspace and improvisation: Science, Technology and Education by other means?		T107.2 Maker Movement, FabLabs, Hackerspace and improvisation: Science, Technology and Education by other means?	B	T107.3 Maker Movement, FabLabs, Hackerspace and improvisation: Science, Technology and Education by other means?	CB			
124	T038.2 Antagonists, Servants, Companions: the Sciences, Technologies and Politics of Microbial Entanglements	CB	T096.1 Emerging biotechnologies in psychiatry and clinical psychology	M012.1 Red esCTS meeting		B	T120.1 Case Studies for Responsible Innovation: Lessons from Fukushima	CB			
125	T089.1 Bio-subjects	CB	T089.2 Bio-subjects		T034.1 Revisiting bio-objects and bio-objectification: Categories, materialities and processes central to the (re)configuration of "life".	B	T034.2 Revisiting bio-objects and bio-objectification: Categories, materialities and processes central to the (re)configuration of "life".	CB			
127	T100.3 Feminist Technoscience Studies in Unexpected Places: (Intra)Activism and Social Justice	CB	T100.4 Feminist Technoscience Studies in Unexpected Places: (Intra)Activism and Social Justice		T100.5 Feminist Technoscience Studies in Unexpected Places: (Intra)Activism and Social Justice	B	T100.6 Feminist Technoscience Studies in Unexpected Places: (Intra)Activism and Social Justice	CB			
128	T099.4 New frontiers in social gerontechnology - Exploring Challenges at the Intersection of STS and Ageing Studies	CB	T158.1 Soft Focus: How Software Reshaped Technical Vision and Practice		T145.1 Postphenomenological Research: Technologies, Robots, and Human Identity	B	T145.2 Postphenomenological Research: Technologies, Robots, and Human Identity	CB			
129	T076.2 Enacting responsibility: RRI and the re-ordering of science-society relations in practice	CB	T076.3 Enacting responsibility: RRI and the re-ordering of science-society relations in practice		T076.4 Enacting responsibility: RRI and the re-ordering of science-society relations in practice	B	T076.5 Enacting responsibility: RRI and the re-ordering of science-society relations in practice	CB			
130	T114.2 Innovation, Economic Driver, Disruption: Utopias and Critiques of Making and Hacking	CB	T114.3 Innovation, Economic Driver, Disruption: Utopias and Critiques of Making and Hacking		T114.4 Innovation, Economic Driver, Disruption: Utopias and Critiques of Making and Hacking	B	T114.5 Innovation, Economic Driver, Disruption: Utopias and Critiques of Making and Hacking	CB			
131	T115.2 Remaking the biosocial by other means	CB	T068.1 Biomedical sharing economies		T105.1 Wild research: Radical openings in technoscientific practice?	B	T109.1 Emerging forms of "life" in STS	CB			
132	T106.1 Citizen science: beyond the laboratory	CB	T106.2 Citizen science: beyond the laboratory		T106.3 Citizen science: beyond the laboratory	B	T119.1 Queer STS?: A Roundtable Discussion on Theory, Method, and Institutionalization	CB			
133	T152.1 Environments of care: understanding and shaping care by other means	CB	T098.1 Energy Experiments		T098.2 Energy Experiments	B	T098.3 Energy Experiments	CB			
134	T177.1 Economies of Life in Biomedicine	CB	T019.1 Science and Technology through Critical Art Practice		T019.2 Science and Technology through Critical Art Practice	B	T019.3 Science and Technology through Critical Art Practice	CB			
M215	T097.2 Engaged STS for inclusive development: exploring concepts, practices, networks, and policies towards inclusive and sustainable futures	CB	T097.3 Engaged STS for inclusive development: exploring concepts, practices, networks, and policies towards inclusive and sustainable futures		T175.1 Situated Meanings of 'Good' Care and Science 'Worth Doing'	B	T166.1 Biotechnology, Personal Identity, and Boundaries Across the Globe	CB			
M211	T167.1 The Medium is the Medicine: Media Histories of Health and Healthcare	CB				B		CB			
M212	T124.2 Energy Beyond Crisis: Energetic Bodies, Ecologies, and Economies	CB	T043.1 Unravelling craft, technology and practical knowledge		T043.2 Unravelling craft, technology and practical knowledge	B	T015.1 Urban Climate Experiments: A Para-Site	CB			
M213	T046.1 New Technologies, social practices and social conflict - sustainable energy transitions as a field of contention	CB	T046.2 New Technologies, social practices and social conflict - sustainable energy transitions as a field of contention		T161.1 The Best Way to Control Toxic Actants: Litigation or Regulation?	B	T161.2 The Best Way to Control Toxic Actants: Litigation or Regulation?	CB			
M214	T018.1 Markets versus commons? What relationships? What roles for STS?	CB	T170.1 Thinking and Acting with Open and DIT Science and Technology: From Participatory Sensing to Biohacking Experiments		T170.2 Thinking and Acting with Open and DIT Science and Technology: From Participatory Sensing to Biohacking Experiments	B		CB			
Hanger		CB				B		CB		Demo night: an evening of platforms, prototypes, and multimedia experiments in action
